Certificate of Compliance for Directive 2011/65/EU

This document certifies that Sub-components and homogeneous material used in electronic products manufactured by Würth Elektronik eiSos GmbH & Co.KG (Hereinafter called "WE eiSos") do not contain the substances, which are listed in Annex II of the Directive 2011/65/EU and the amendment of Directive 2015/863 of the European Parliament on the Restriction of the Use of Certain Hazardous Substances (RoHS) in Electrical and Electronic Equipment (hereinafter called "EEE"), except for listed products in the following list using exemptions according to Annex IV.

Part List EU RoHS Exemptions

WE eiSos has been continuously assessing the concentration of restricted substances in sub-components and homogenous material in accordance with the harmonized standard IEC 63000 on a regular basis, including collecting FMDs and Compliance Declarations, setting up contractually bound with our suppliers, doing compliance analysis, material change re-assessment, etc.

WE eiSos produces mainly electronic components. For electronic components, since they are not placed or made available directly on the market for consumers and end-customers, they are not bound to labelling obligations according to Article 7 of Directive 2011/65/EU. On request of any government agency, WE eiSos will provide necessary documents, which verify the compliance to Directive 2011/65/EU based on harmonized standards.

The latest version of this document can be found as always on our [Homepage](#).
